### 10% Off Garlic & Parsley Grapeseed Oil

Our all-natural grapeseed oil is lower in saturated fat and higher in unsaturated fats than nearly any other oil. Antioxidants help make this a healthy oil, and the oil's high smoke point keeps it stable during grilling or sautéing. Garlic & Parsley flavor is on sale this month. (12.6 oz/374 ml)

### Vanilla: What's the Difference?

People wonder about the difference between Watkins Original Double-Strength Vanilla and Watkins Pure Madagascar Bourbon Vanilla.

Both contain real Madagascar Bourbon Vanilla extract. But Watkins Original Double-Strength Vanilla is the one people want for delicious cookies and other baked goods. It is made with considerably less alcohol (8¼%) and is fortified with stabilizers which make it more effective for baking and freezing.

By contrast, Watkins Pure Madagascar Bourbon Vanilla (35% alcohol) is better used in recipes that

do not require baking or freezing, such as adding to whipped cream, butter, cereal, or a favorite beverage.

By the way, for wedding cakes and other baked goods that need to be pure white, professional bakers choose our colorless Watkins Double Strength Imitation Clear Vanilla Extract, which has all of the bake-proof, freeze-proof, double-strength flavor of our Original Double Strength Vanilla.

It makes sense to get all three—with Watkins, you can't go wrong:

- #01008 Original Double-Strength Vanilla, 11 oz., \$14.99
